## Our COVID-Safe Practises

We hope this note finds you well and safe.

Due to the COVID-19 restrictions on gatherings, as well as the uncertainty in event planning, we unfortunately have not been able to offer our usual schedule of SAIER seminars in-house during 2020.

In lieu of our very popular face-to-face evenings with guest speakers, we are delighted to now offer the event through webinar (GoToMeeting).

These FREE South Australian Institute for Educational Research (SAIER) Webinars will take place on the nominated Tuesdays at our usual 7pm start time, all in the comfort of your own home. So make yourself a cuppa, grab a bikkie and settle in for another interesting and informative presentation from our expert guest speakers.

Please register your interest via email to: [juliet.young-thornton@acer.org](mailto:juliet.young-thornton@acer.org)

A link to the **webinar** will be emailed to you the day before the event, and please make a note to not attend in person at our office 😊

Warmest regards and with thanks,  
Juliet
